

**Commonwealth Utilities Corporation
Large Commercial Customer Incentive Rate
Tariff Rider IR to the Commercial Rate**

APPLICABILITY:

This schedule is available to qualified customers locating, expanding, or returning load on Commonwealth Utilities Corporation's (CUC) distribution system. Customers taking service on Rider IR must agree to remain full requirements customers of CUC for the duration of the Incentive Rate period.

TERRITORY:

This schedule is available to customers within CUC's electric service territory on the islands of Saipan, Tinian and Rota.

RATES:

The IR Rider rate provides a reduction of 7.3 cents per kWh from CUC's Commercial Electric Base Rate for three years from the date the IR Rider is adopted by the Commonwealth Public Utilities Commission.

RIDER EXPIRATION AND CAP

This schedule will remain open to new participants until _____ 2017. This schedule will also remain in effect until such time the last agreement expires or terminates. The total cumulative electric demand contracted under Rider IR shall not exceed a program cap of 25 MW (megawatts).

SPECIAL CONDITIONS:

1. Eligible Customers: Eligible customers are existing customers who currently generate 90% or more of their annual electric requirements and have installed generation capacity of 400 kW or greater. New commercial customers with generation capacity of 400 kW or greater also qualify. For existing customers who currently purchase all of their electric requirements from CUC, any expansion of their existing operations which results in an increase in load of 400 kW or greater, the new load will qualify.

2. Contract: Service under this tariff Rider is provided under a three-year agreement.

3. Start Date:

The start date of the incentive rate period shall commence on the date of execution of the contract or when such customer begins taking service under Rider IR.
