

Issued February 5, 2014
Effective April 17, 2014

Commonwealth Utilities Corporation
Schedule C
Commercial Service

Applicable to power supplied through a single meter. A commercial customer is defined as such if a business license is required for the business operation. This schedule also applies where residence and business are combined.

Monthly rate:

Non-fuel energy charge

All	kWh per month	\$0.1130 per kWh
-----	---------------	------------------

Customer charge		\$10.00 per month
-----------------	--	-------------------

Levelized Energy Adjustment Clause:

The Levelized Energy Adjustment Clause, as specified in Schedule XX, will be added to each bill for service.

Infrastructure Surcharge:

An Infrastructure Surcharge was established by the Commonwealth Public Utilities Commission on February 5, 2014. The purpose of the surcharge is to fund CUC's remaining obligations under its June 4, 2012, agreement with Pacific Marine and Industrial Corporation. The surcharge applies to all customer classes and will expire on January 1, 2015.

All	kWh per month	\$0.021 per kWh
-----	---------------	-----------------

Rules:

Service supplied under this rate shall be subject to the regulations set forth in NMIAC Volume 1 Title 50.

Riders:

Charges in addition to the above are applicable under certain conditions more specifically set forth and incorporated herein.

Schedule NM – Net Metering
