## WATER DIVISION AGREEMENT FORM

I, \_\_\_\_\_, the undersigned, hereby attest that when hooked up to the CUC water system, I will not question nor complain when the water pressure is low or when the water hours are cut short. I understand that the CUC Water Division is trying its best to improve the Saipan water system and will cooperate and provide my understanding whenever there is a problem. I will, however, inform them if and when I am experiencing water problems so that they will know and check if it can be fixed.
