REQUEST FOR PROPOSALS

CUC-RFP-25-021

Independent Power Producer-Solar Photovoltaic with Battery Energy Storage System (BESS)
for all Islands, CNMI

Question (RFI/C) No. 016: PKM Corp.

Date: September 26, 2025

CUC provides the following responses to the Request for Information/Clarification (RFI/C):

1. This is to request your good office for an extension if possible for an additional 90 days from the October 30th deadline, this request is critical to ensure that we submit a very comprehensive and thorough package for the benefit of CUC and our people. By granting this extension will help us a lot in formulating the necessary information to meet the highest benefit for everyone. Thank you and we hope to receive your favorable response.

CUC RESPONSE: CUC acknowledges and appreciates the proponent’s request for an extension to the proposal submission deadline. However, after careful consideration of the project’s overall timeline and implementation schedule, **CUC must maintain the current submission deadline of October 30, 2025, as stated in the RFP.** This timeline has been established to ensure timely evaluation, selection, and award in alignment with CUC’s project milestones and funding requirements. Proponents are therefore encouraged to proceed with their submissions to the best of their ability within the existing deadline. **For fairness to all prospective proponents, no proponent will be granted an extension.** Thank you for your understanding.

KEVIN O. WATSON, MPA

Executive Director

Commonwealth Utilities Corporation
